

**unique. man, music and guitar.**

The Gibson Custom Shop Johnny A. Signature Guitar is one of the most incomparable production guitars in the world. Its 14-inch wide, one and one half-inch deep body is carved from a single block of mahogany, and the top from figured maple. The neck sports a 22-fret ebony fingerboard with a scale of 25 1/2 inches. Like the man and his music, the guitar is unlike any other. Pete Lampron tells us the story of the Valley's own Johnny A. on page 22.
